Community Need Documentation

HMDA mortgage lending data confirms severe unmet capital need across Heartland Impact CDE, LLC's target markets. In the 5 census tracts where our pipeline projects are located, average loan denial rates exceed 30%, with racial disparities of 2.3× for minority applicants relative to white applicants (HMDA 5-year data, 2018–2022). NMTC capital is uniquely positioned to bridge this gap through below-market QLICI financing.
